5-SECOND GAME

INSTRUCTIONS

GOAL: To be the player with the most cards at the end of the game! You win cards by correctly naming "3 Things" in "5 Seconds" as explained below. You get a point for each card you answer correctly.

SET-UP:

- Cut up all cards and place them in a bowl face down.
- Have all players sit in a circle
- Secure a 5-second Timer: a phone usually works best for ease of playing; choose one person to control the timer for the game. They will start the timer after each card is read. They may also participate in the game - someone else can press the timer on their turn.

STEP 1: The youngest player goes first. They select a card from the pile. They read the card out loud. Each card will say "Name 3" and then list a category related to a slumber party. Such as "Name 3 Slumber Party Theme Songs."

STEP 2: The person controlling the timer will start it as soon as the card is read out loud.

STEP 3: The player will try to list 3 things in 5 seconds. If they answer 3 correctly, they keep the card and score one point. If there is a concern that the answer isn't correct, the group decides if it will count. Play then moves to the person on their right.
